Dear Mr. [Dorn](#):

In your petition for an exemption for the K & S Helicopters, Inc. FAA-2022-0226, you requested relief from 14 CFR 107.36. In order to continue processing your petition for exemption, you will need to substantiate your request by providing additional information.

1. You will need to substantiate the need to disperse hazardous materials. If you determine that you will not be dispersing hazardous materials, please indicate so.
2. Please submit a copy of your company Operations Manual
3. Please submit a copy of your company Training Manual

In order to obtain relief from § 107.36, the petitioner must establish that the hazardous material prohibition in § 107.36 applies to its operation. Therefore, please submit the names of all the hazardous materials that meet the definition in 49 CFR 171.8. If the FAA grants relief in response to your petition and you determine that you will carry a hazardous material other than the hazardous material that the exemption permits, then you must submit a request for amendment to the exemption. The petitioner must also fulfill the requirements of § 11.81, which include, among other requirements, stating the reason the petitioner seeks relief, the extent of relief it seeks, stating the reasons why granting the exemption would be in the public interest, and why granting the exemption would not affect safety or how the exemption would provide a level of safety at least equal to that provided by § 107.36.

Please submit the additional information (non-proprietary) as a comment to your docket at www.regulations.gov, and save the tracking number generated after submission. Proprietary information may be

submitted electronically to John Drago and Tiffany Jackson at John.L.Drago@faa.gov and Tiffany.M.Jackson@faa.gov, respectively.

If you wish to proceed with your request, we must receive the information described above by April 5, 2022. If we do not receive the information, we will close the docket without notifying you further. If you have any questions or require additional time you may email us at john.l.drago@faa.gov or call 330-608-3887.

Sincerely,

A handwritten signature in cursive script that reads "John".
